PRESENTS
THE UNITED STATES HOLOCAUST MEMORIAL MUSEUM'S EXHIBITION

DEADLY MEDICINE: CREATING THE MASTER RACE

Dr. Patricia Heberer Rice –
Senior Historian

We would like to extend our gratitude to Dr. Patricia Heberer Rice, Senior Historian at the United States Holocaust Memorial Museum and specialist in the subjects of medical crimes and eugenics policies in Nazi Germany. Her expertise has been invaluable in providing you, the visitor, an important historical overview about the exhibition and the history of Nazi Medical Policies from 1933-1945. As a result, we are delighted to offer the opportunity to tour this exhibition using QR code scanning!

When scanning the QR codes with your smart phone located at each panel, you will hear Dr. Heberer Rice explain the exhibition panel-by-panel.

YOU WILL NEED:

- A smart phone
- Headphones

INSTRUCTIONS:

- Open the camera on your smart phone, point at the QR code, press on the link that pops up on your screen, and watch the video that correlates with that panel. Keep scanning each of the 14 QR codes as you move throughout the exhibition.

We value your feedback and wish to continue improving the experiences of you and all visitors; therefore, we ask you to take a moment to fill out the online survey by scanning the QR code located at the end of the Deadly Medicine Exhibition.

THANK YOU SO MUCH AGAIN FOR YOUR INTEREST AND SUPPORT!
